

SmartVue

AED 180.00

SKU: SG-022

See Beyond Ordinary AI-powered smart glass for real-time translation, navigation & productivity • Lightweight ergonomic design ideal for business travelers • Voice-activated assistant and touch controls for hands-free use • Syncs with smartphone for calls, notifications & camera access • Perfect executive tech gift for the future-ready professional Blue Light Filtration Effectively filters harmful blue light emitted from electronic device screens, helping to reduce eye strain. One-Touch Control A simple fingertip touch instantly activates the glasses for quick and intelligent access to features. Dual Motherboard Magnetic Charging Charging is effortless with magnetic suction. The charger automatically attracts and aligns, eliminating the need to carefully plug it in. Voice Assistant Activation Quickly activate your voice assistant with three taps on the touch sensor. Flexible Spring Arms These arms feature automatic elastic adjustment, providing a light, adaptive fit that distributes pressure evenly around your head. Intuitive Power Control The glasses automatically power on when opened and power off when closed.
